1. Comment. ⁴ shipments were to be dispatched from Stralsund to Wiesenburg after 21 September. The present report confirms a report that these 4 shipments with major elements of the 4th Gds AT Arty Brig went from Prora to Wiesenburg.
2. Comment. AAA units of the Fourth Gds Mecz Army or the 6th Gds Mecz Div, which transferred to Altengrabow on 12 September on 2 trains probably returned.
3. Comment. This shipment with tank units of the 1st Mecz Div has repeatedly been reported. The present information confirms Neustrelitz as place of destination.
4. Comment. units of the 32d AAA Div returned from Jueterbog to Kuestrin on 2 trains on 13 September. According to the description in the present report, the AA guns of a new type must have been 57-mm AA guns. AA guns of this type have repeatedly been reported in Kuestrin.

5. Comment.

25X1

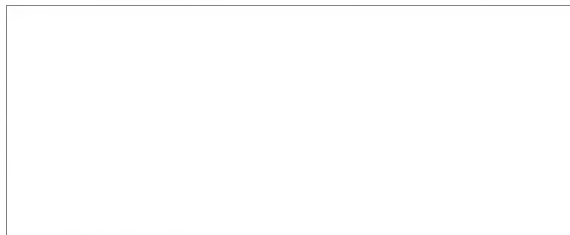

2 shipments with
shipment - went from Kuestrin to
Baruth on 14 September.

6. Comment. The composition of the shipments tends to indicate that equipment was turned in by the 71st Light Arty Brig. If this assumption is correct, the turning-in of 100-mm AT guns is worth noting. The information does not allow any conclusions as to the organization of the brigade.
